

BOND JEWELERS

1/09/09

To Whom It May Concern:

Ron Gay has done custom fixture work for at least a dozen of our store locations. His price is always the best, the quality excellent, and the delivery and installation on time. Any problems that may occur after installation, while unusual, are quickly and professionally addressed and taken care of. I will continue to use him on future projects and would highly recommend him as a fixture contractor.
